I, the client hereby stipulate that I am physically well and can proceed to perform the outlined exercises for the Aqua Max HIIT Squad at the Napier Aquatic Centre. As the programme involves strength training, cardiovascular exercise and water exercise, I am agreeing that I am ok to perform the activities. I understand that I know my limitations and if there are certain exercises that I cannot perform, I will talk to the trainer and choose an easier option. The programmed sessions are set and designed to help motivate and improve fitness in a group setting. The sessions are therefore not individualized and it is expected that you are able to perform the majority of the planned movements. I agree that the trainers, Napier Aquatic Centre and the Napier City Council are not liable for claims, damages or injuries. I also expressly agree to use equipment correctly and operate it in a safe manner. If I have any questions concerning the exercises and use of equipment, I will talk with the trainers immediately. No change of mind cancellations will be accepted once the programme begins and payment is required before the Programme commences. There is a **no refund policy** and it is at the discretion of Napier Aquatic Centre administration team whether credits will be given **upon sighting a medical certificate** due to injury or illness. Registrations are not transferable between people. Booking is not finalised unless this form is signed, handed in and payment is made prior to the programme starting.

Finally, we love sharing our programme and what our amazing members do on social media but we understand some of our members are a little shy and do not wish for their images to be used.
